**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a proud customer of Sonic Fiber Internet. I had years of experience with Comcast Cable bundles, AT&T traditional dial-up and DSL bundles, and Charter Cable bundles.

Sonic has provided me cheap, reliably, and fast (symmetric 1 Gbps) internet in a city where the only viable options were expensive bundled cable (TV that I don't watch) or extremely expensive and slow ADSL lines (I and my family are at the outer edge of the 15,000 foot distance from a CO which result in <1 Mbps download speeds). I had few options until Sonic came into town.

I rely on the Internet to do my job and excel in my career. Slow, bad, and uncompetitive internet was detrimental to my career growth. Save the internet! Foster and encourage healthy and fair competition in ISPs! Create a marketplace that allows consumers better choices!
